Canada's Online Skate Headquarters simply aimed to make those hard-to-snap parts easier to find, easier to get your hands on and easier to ride. Knowledgeable, race experienced staff offering low prices and better service than large suppliers. The store is stocked with gear that works and rides well. Selling gear I ride myself. I also help to give component recommendations based on the riders style and desired feel for the perfect setup. The store is moving to B.C. this spring, keep your eyes open for LB Haven team riders competing this season. Toronto, Canada 905-758-0005 lbhaven.com
