[From Colabo Innovations](#) [King Of The Forest 2008 Coverage Video](#) [Help Save Paskapoo](#)

"We saved this event in a community effort. I thought it may interest you because of the push to save the Paskapoo!! I've noted at the end that we need to save the Paskapoo. The heart of our sport depends on new events! It's tragic when we loose events. It's not a super high quality video but it's about the community!"
