Silverfish brother and Ninja Bomb Squad Rider Crazy G. was recently hit by a truck during a warm up run in Morro Bay attending an CCMF downhill event. The truck driver hit our brother in a premeditated attack although the rider managed to evade actually being run over he was hit and suffered major road rash. He is quite lucky that the severity of his injuries was minor, but the attack has left him quite un-stoked. Let's show some support for our brother. Much respect goes out to the riders of the Outlaw Ranch who stood by their fallen brother as well as the Morro Bay Sherrif Dept. who treated this with the respect the severity of the attack deserved.
